

## **WATER FORWARD**

INTEGRATED WATER RESOURCE PLAN

Austin Water is developing a water plan for the next 100 years. The plan will identify future water needs and strategies to meet those needs such as conservation, technological innovation, and additional supply options. As an Austin Water customer, your feedback and input on this plan is very important to us and will help make sure the plan reflects our community's values.

We would like to invite you to an upcoming workshop focusing on future water supply options. At this workshop you can learn more about the Water Forward plan and give your input.

**Water Forward Public Workshop #3**  
**Tuesday, April 4, 2017**  
**6:00pm – 8:00pm**  
**One Texas Center**  
**Conference Room 325**  
**505 Barton Springs Road**  
**Austin, Texas 78704**

There is free parking in the surface lot in front of One Texas Center.

During the Workshop, the project team will provide an overview of the plan, share information about future water supply and demand, and ask for your input on water supply options for the future. You don't need any prior knowledge about water issues to attend.

If you have questions regarding this meeting, please feel free to email or call me. For more information about Water Forward or to sign up for our eNewsletter, please visit [austintexas.gov/waterforward](http://austintexas.gov/waterforward). We look forward to seeing you – and feel free to bring a friend! An RSVP to [WaterForward@austintexas.gov](mailto:WaterForward@austintexas.gov) is appreciated.

Sincerely,

Ginny Guerrero
